

undoubtedly, the evidence, that you have
been here would indicate every person
could have been in the area at the time
of the explosion, and that was the
case with the witness who said
he was there when the explosion
occurred.

That is why you should
be sure to check with the
witness, and if you can
find out the exact time
of the explosion, that
will be very helpful.

There is a possibility
that the witness was
not in the area at the
time of the explosion,
and that the explosion
occurred while he was
not there. It is possible
that the witness was
in the area at the time
of the explosion, but
that he did not see the
explosion. It is possible
