Sub: Request for setting up of a 10KW Solar Power Plant

Honourable Minister Sir,

I have the honour to inform you that the college (Govt.-aided & affiliated to the University of Burdwan) was established in the year 2009 under the aegis and financial assistance of Swami Dhananjay Das Kathiababa Trust and the Govt. of West Bengal. The college is situated in the poor and backward rural area of Bankura District where frequent power cut & low voltage, mainly in the summer months, cause disturbances in running admission and examination process. Due to financial constraints it was also not possible for us to install any power back up system in the college.

Therefore, we have no other way but to appeal before your good self to set up of an eco friendly solar plant of 10 KW capacities. This would enable us to serve the need of students And for which we shall remain grateful to you and to your department. Recommendation from the local MLA is being enclosed for your kind perusal and doing the needful from your end.

Thanking you & with sincere regards,

Yours faithfully,

Sir,

WBSEDCL has taken up the project of "Installation of 10 KWp rooftop solar plant at 200 school premises at various location of West Bengal" as per direction of Dept. of Power & NES, Govt. of WB. You are aware that name of your school is included in the list.

However during survey it is observed that 1-phase connection exists in your school premises. In order to install solar PV plant in your school conversion of 1-phase connection to 3-phase connection is required.

In this connection you are requested to contact immediately to the Station Manager of your local Customer Care Center to complete the formalities necessary for the conversion. We are intimating the Station Managers accordingly.

Please treat this as most urgent.
