

Swami Dhananjoy Das Kathiababa Mahavidyalaya.

Dept. Of Political Science.

PROGRAM OUTCOMES

The BA Political Science program covers a comprehensive set of courses ranging from the study of political theories, institutions and functions- international, national and local.

The following points are the expected outcomes of the three-year BA program:

1. Through the study of important philosophical, theoretical and ideological foundations in the study of political science, students are expected to develop critical thinking and arguments.
2. Study of political systems around the world will not only give knowledge but will also train students towards comparative approaches and methods.
3. Students will have an understanding on the international political system as it is and as it ought to be.
4. Learning the fundamentals of Indian government and politics is important for Indian students and has a job-prospect particularly in civil services and other competitive examinations.
5. By studying organizational and administrative behaviour in public administration, students are expected to acquire leadership and management skills.
- 6) The study of human rights will empower students to stand for the protection and promotion of basic human rights and thus contribute to national and international peace.
- 7) Students will learn the principles of equality and think for the equal participation of women in the political system.
- 8) Students will have understanding of India's bilateral relationship with other countries as well as the country's role in global political regimes.

PROGRAM SPECIFIC OUTCOMES

Familiarity with different approaches to the study of politics and an ability to apply these to contemporary collective and political behaviour. An ability to formulate and construct logical argument about political phenomenon and an ability to evaluate these through empirical and theoretical methods, Understand of how political institutions emerge, how they operate, how they interact with their external environment, and how they shape individual and collective behaviour.
